Our Specialized Hair Treatment Steamer

This is a *complimentary* hair service everyone loves! I purchased a specialized hair treatment steamer. With a haircut or style service (the color and perm services already have complimentary specific add on treatments) you'll experience an awesome steaming process for your hair and the scalp. The benefits are deeper more intensive conditioning for your hair and extra benefits for the scalp.

My clients tell me it is very relaxing and soothing reminding them of an aro-

mathery treatment, too.

We use an Intensive In-Depth Treatment with the steam, which revitalizes damaged hair leaving it resilient and shiny. This treatment will repair the

hair with proteins that promote the inner strength of each hair strand! Pores on the scalp are refreshed and cleansed; you can feel the difference!

I also realized a added benefit to the delicate eye area! This mild misting is a wonderful added bonus to the benefits to your scalp, which encourages hair growth and good health and to your hair, always in need of special treatment from styling with blow dryers and flat irons, hair coloring and the environment. Soften fine lines around the eye area & maintain suppleness. Relax and enjoy this special treat with a cup of rich coffee or green tea!

Our new boutique items are in and more will be added . Right now we have some awesome double "bungee" hair combs that work perfectly in your hair. It holds tight without pulling. It stays put and holds your hair in place all day. My clients have told me it is a miracle. They are hand made and are not of the

wire and plastic bead type, but sturdy and unique. They come in two sizes, three colors, black, brown and tan. With colorful wood beads or natural earth tones. Every one should own one if you need to hold your hair back! I have a drawer full of hair clips and whatever at home that don't work in my hair, too! Now I

use just this one hair comb, not six or more on my head. This makes a great gift for anyone .

I have gotten in some beautiful Italian scarves, colorful and "tie dye". Wear them around the waist or your neck. Makes a great gift with a salon gift certificate for the holidays! Cont...
